HOPE, HEALTH, HOMES FOR CATS AND DOGS IN NEED

From the Director

Has your dog had an annual Bordetella vaccination? Are your cat's vaccinations up-to-date? Puppies and kittens have more comprehensive needs than adults. Timing of vaccinations for adults and for youngsters is important. Our clinic is open and our vet, Dr. Omar Córdova, is ready to help!

We want to make it easier to fully protect your pets, so we offer three different packages to reduce prices: (1) Complete Puppy Package, (2) Complete Kitten Package, and (3) Adult Dog Package. All packages require full payment in advance and expire one year from the payment date. Details about our packages are available on our website [HERE](#). Each package is described on that page in a downloadable pdf format in Spanish and English.

We offer more ways for you to save money! Tuesdays and Saturdays are discount days at the S.P.A. with lower prices than other days for a consultation and most vaccinations. Our clinic is open from 9-4 on those days so you can take advantage of the savings. Clinic hours are 9-3, Monday, Wednesday, Thursday, and Friday.

We also give a discount on sterilizations when an S.P.A. pet is adopted and an unsterilized pet is at home. Within two months from the date of adoption, the discount will be given – no limit on the number of pets sterilized and it doesn't matter if you adopt a cat and have an unsterilized dog at home or vice versa or both – the appropriate discount applies.

For a clinic appointment, please call 415-152-6124.

October 2026 Pets of the Month

By Megan Gabel

Our October Pets of the Month are a challenging group. Would you be willing to rise to the challenge and adopt one of them?

Paloma

John

PALOMA is a beautiful medium-sized smart, observant, and curious female with a lot of spunk. She is friendly and affectionate to people and gets along with other dogs. She is very strong. It's difficult to control her enthusiasm just to take out of her casita for a walk. She was a street dog in Celaya and is not excited about occupying a casita. Now about 2 years old, she needs a family to love her and space to burn off some energy. Paloma's video is [HERE](#).

JOHN arrived at the S.P.A. as a baby and is now about 6 years old. He is very shy and would not be easy to introduce to a potential adopter. Medium-sized, he warms up after time with someone new and even discovers that he likes the attention and being petted. He is not easy to walk because he is so afraid to go outside. John's video is [HERE](#).

Sara

SARA was just a week old when she arrived at the S.P.A. in March 2022. She is a sensitive cat, gentle and loveable. She no longer just keeps to herself, but now enjoys attention. Sara will thrive in a household that is calm and quiet.

CORINA is a beautiful, all gray blue Russian-type cat, now about 6 years old. She is not comfortable being approached by people or held; she has made small, quiet progress with other

Corina

cats. She is much more at ease and settles in comfortably with her feline companions.

Adopt any of these Pets of the Month during October 2026 and receive a free adoption kit. Meet them and all our available cats and dogs at the S.P.A., Los Pinos #7, Monday-Saturday between 11 and 2, 415-152-6124. Our adoption fee is 700 pesos which includes all current vaccinations, deworming, sterilization, and microchip.
